

Hackers does not collect any personally identifiable information, nor does it collect any anonymously aggregated information.

Y Combinator (owner of the Hacker News website) may collect connection data when Hackers fetches data from Hacker News.

Google may collect connection data when Hackers downloads offline translation models from Firebase.

When you download Hackers from the App Store, Apple may collect anonymized information about your download and/or use of the app, and process it according to their privacy policy.

For more information regarding Apple's privacy practices, refer to <https://www.apple.com/legal/privacy/data/en/app-store/>.
